**Simple Instructions for creating this beautiful party decoration**

No matter where the party or special event you can create this festive decoration, the balloons in the picture are Mylar (foil) Balloons and they last up to two weeks or more after filling with helium.

However cheaper balloons are latex balloons and here is a picture: These balloons only last about 8 hours after filling with helium.

Although the colors are silver and royal blue here are example of color combinations:

Pink and Black

Red, White and Blue (Memorial Day or 4<sup>th</sup> of July)

Pastel Blue and Pink (perfect for a baby shower)

Pastel Yellow, Lavender, and Green (baby shower)

Black and White

Black and Gold

Pink, Lavender, Yellow and white

The balloons in both pictures are helium filled. You can rent helium tank from Party City or try your local party shop. Most Dollar Stores you can purchase Mylar (foil) balloons and they will fill the balloons as well for \$1 each. Some Dollar Stores will fill your pre-purchase latex balloons for a fee (usually less than a \$1).

You can purchase a hand air pump (about \$5 at your local party shop) and blow up the balloons with air however they will **NOT** float. The air filled balloons works best for taping or tacking balloons to a wall or scattered on the floor (scattered balloons of multiple colors are a **WONDERFUL** decoration). These balloons don't float and **Mylar (foil) balloons CAN NOT be air filled**)

## Simple Instructions for creating the beautiful party decoration

Using the pictures above as our guide, purchase 18 inch silver and royal blue star Mylar (foil) balloons or latex balloons (don't forget the balloon weights to hold down the balloons). Bundle the balloons in 3 or 4 balloons and attach balloon weight.

You can also switch the Mylars for Latex Balloons; just keep in mind the latex balloons don't last as long.

The amount of balloons purchase will depend on how many tables you want to have balloon bouquets. Let's say you have 8 round tables that seat 8 (64 guests). You will need 24 Mylar balloons; 1 bundle of 3 on each table.

If you want to have decorations for more than the tables; consider putting balloon bouquets in the hallway, entrance to the banquet hall, by the food table, next to DJ. These are just examples; the room will look festive with balloon bouquets on the tables only.

**REMEMBER** to check out your local Dollar Store or go to [www.dollartree.com](http://www.dollartree.com) for savings.

You can also add party favors to the table or have the party favors at the registration/check in table.

Sample party favors; fill this box with Hersey Kisses or Jordan Almonds these would beautiful place at each place setting. Yes, the Dollar Store may have the boxes or go to [www.beau-comp.com](http://www.beau-comp.com) (more expensive) See The Party Favor Book for more party favors.
